

# WELCOME TO THE CASE OF THE MONTH

Best Doctors®

Best Doctors provides access to leading medical minds from around the world so that you can have access to the right diagnosis and treatment plan.

Our **ASK THE EXPERT** service allows you to ask key questions and get advice on your condition from one of the international Best Doctors experts with no need for an in-depth review of your medical files. Here are some real life examples of how we've helped our members get on the right clinical path:

**ASKed THE EXPERT about:**  
Surgery for arthritis

Grace was not feeling as if the treatment she was following for her arthritis was giving her the relief she needed.

## GRACE

She was wondering at what point she should consider surgery or what other treatment alternatives might work for her.

Best Doctors decided that the best person to answer Grace's questions was a top specialist in orthopaedic surgery, who provided a detailed explanation of her particular type of arthritis and went on to explain the requirements for surgery and what she should look for in the surgeon who performed such a procedure. In addition, the expert discussed alternatives to try before deciding on surgery.

“It's hard to imagine having your questions brought to a world expert on your condition, but it's really true.”

HELEN

**His mother ASKed THE EXPERT about:**  
her son's rare condition.

Tyler had been diagnosed with a rare condition as a toddler.

## TAYLOR

While there was no doubt as to the diagnosis, Tyler's mother wanted to know more about the condition and how it would affect her son as he got older.

Best Doctors contacted a leading paediatrician who specialised in the area of Tyler's condition. After providing a detailed overview of the disease itself, the expert addressed all of Tyler's mother's concerns and provided detailed advice on the various options for treating her son and how he should be monitored along the way.

“Best doctors treats people worldwide and has the capability to contact specialists in parts otherwise unknown. The service was excellent and very attentive – you did a great job.”
